Census Return - State Government

Do Schools need to comply?

Yes if your school is a registered non-government school.

Conditions of compliance:

Each non-government school is required to complete a census of student enrolments on the census dates under the conditions established by the Minister for Education and Child Development.

What are the consequences if you don’t comply?

Completion of the census is a requirement for South Australian State Government funding under the State Government funding deed signed by non-systemic Independent schools and system authorities.
